

Dear Partners,

The impact of NCOVID-19 pandemic is unprecedented.

We owe a profound debt of gratitude to all our healthcare professionals & all those who have been in the front lines of this pandemic; who have been working relentlessly to arrest the spread of the disease & contain it.

For those with family or colleagues who have fallen ill, our organisation continues to pray for their good health & speedy recovery. We wish them a fast & miraculous healing.

During this testing times, we at Adonis have been very closely monitoring the outbreak of NCOVID-19 & its impact on the business. Whilst continuing to provide seamless, uninterrupted services to the customers, we have been working on a number of options to ensure the wellbeing of all those associated with us.

We have already shared the guidelines on how to be safe & avoid the spread of the disease.

It is imperative that all of us must aim to stop transmission & prevent the spread of NCOVID-19.

We again call on to Be Safe & avoid the spread by following tried & tested public health measures.

- Be Safe
 - ✓ Wash your hands regularly
 - ✓ Staying at least 1 metre (3 feet) from anyone coughing or sneezing.
 - ✓ These ordinary measures are extraordinarily effective at fighting NCOVID-19.
- Be Smart
 - ✓ Reject rumours & care only for the information from trusted sources.
 - ✓ Inform everyone about what is happening in their area.
 - ✓ Follow the recommendations of the authorities.
- Be Kind
 - ✓ Address the stigma & look out for one another – esp. the vulnerable & those in isolation.
 - ✓ Compassion can help us combat NCOVID19.

We have activated a 24*7 help line number -7490855555 to support our team members.

The team will try & provide support by co-ordinating with the local team members & authorities.

We thank you for your continued understanding & partnership- to ensure the safety & wellbeing of all those associated with us.

Please feel free in case of any queries, suggestions, clarifications!

Be Healthy, Stay Safe!

With Warm Regards,

Team Adonis
